

## **Kluck Nursery Holiday Season Covid-19 Protocol**

The 2020 Christmas tree season is coming quickly upon us! We are busy getting everything ready and we can't wait to see you all! The Christmas tree field opens Friday, November 27th at 9:00am. Due to the Covid-19 pandemic, there will be some necessary changes for this Christmas tree season.

Our staff will be wearing face coverings for the safety of themselves and for all of our customers. Thankfully we are outdoors with a lot of space to social distance. We recommend that you wear a mask in areas where social distancing is unable to be maintained. Hand sanitizer will be available for use as well as extra masks for customers if needed.

We will have a limited item concession stand with bagged items for your convenience. Given the challenges we have all faced this year, Kluck Nursery has decided to donate all profits of the concession stand to CAN Council and Teen Challenge. Thank you for your contribution!

We will unfortunately not be offering wagon rides, straw fort for kids, or the 'face in hole' photo opportunities. We will also have 2 bonfire pit areas to help with social distancing. If you have a large group please be considerate to others around areas like this.

We will have 2 separate baler areas to keep everyone spaced out as well as possible. Saws and carts will still be provided with sanitizing throughout the day.

Thanksgiving weekend and the first weekend in December tend to be the busiest days of the season. If this is of concern to you please consider visiting us during the week. Our week day hours are 10:00am- 5:30pm.

Thank you all in advance for understanding the changes we have to make to keep everyone safe. We are looking forward to a great season and providing continued family traditions even during a pandemic.

It's CHRISTMAS, Keep It Real!!!

The logo for Kluck Nursery, Inc. features the word "Kluck" in a large, stylized, cursive script font. Below it, the words "NURSERY, Inc." are written in a smaller, clean, sans-serif font.
